Photography/Marketing

Diane Evans takes all of the photos seen in on our website and marketing images. She started her career as an Occupational Therapist and then after earning her Masters in Public Health degree continued working as a program manager. After 30 years in the healthcare field, Diane decided it was time to follow her passion for travel and photography and founded Photofluent. There she teaches creatively and culturally curious people how-to tell the story to their adventures through beautiful colors. Her mission is to empower women to find their voices through creativity, education, and exploration.
